Our integrated preschool programs are designed to provide students with developmentally appropriate experiences in a safe and nurturing environment. These experiences promote physical, emotional, social, and cognitive development through curricular activities shared by students with and without disabilities. Our programs seek to enable all of our students to reach their potential. Students with and without disabilities will benefit from a structured, integrated model.

The integrated preschool programs will be offered to non-disabled students at a tuition rate of \$3,700.00 for the school year. The preschool programs will begin in September 2018.

The morning programs for the 3 year olds will run Monday through Friday from 8:50-11:20.

The afternoon programs for the 4 year olds will run Monday through Friday from 12:30-3:00.

The North Caldwell School District reserves the right to exercise decisions regarding the acceptance of children into the program. We can only accept a limited number of non-disabled students into the program. A waiting list will be created for those who are not accepted. If an opening then arises, students on the waiting list will be notified.
